1. I hereby certify that the information reported on this report was true and correct to the best of my knowledge and belief at the time it was reported.

1000

The figure consists of seven small square plots arranged horizontally. Each plot shows a map of a geographical area with various shades of gray representing the density or count of species per grid cell. The maps appear to cover different parts of a larger landscape, possibly a river basin or coastal area, with varying patterns of species richness.
