Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair and views the screen through a mirror. The screen displays the target (a red dot) and the starting position (a black dot). The subject's hand is positioned at the starting position. The distance between the starting position and the target is 10 cm. The subject is instructed to move the hand from the starting position to the target. The distance between the starting position and the target is 10 cm. The subject is instructed to move the hand from the starting position to the target. The distance between the starting position and the target is 10 cm.

Figure 1: A schematic diagram of the experimental setup. It shows a participant sitting at a table, viewing a video screen. The screen displays a target (a small circle) and a starting position (a larger circle). A horizontal line indicates the distance between the starting position and the target. The participant's hand is positioned at the starting position, and the video screen shows the hand's position relative to the target. The diagram is labeled 'Figure 1' and includes a caption below it.
