PAGE 1 OF 1 PAGES

It is important that every individual involved in a project be aware of the project's goals and objectives. This is especially true for those who are not directly involved in the project, but who are responsible for providing resources and support. By understanding the project's goals and objectives, these individuals can better understand the project's needs and provide the necessary support.

Figure 1 illustrates the experimental design. It shows a sequence of four boxes: 'Stimulus' (containing a face), 'Response' (containing a button), 'Feedback' (containing a green or red light), and 'Inter-trial interval' (containing a fixation cross). The sequence is repeated for four trials.
